\$2,025,834

Benefitting 45 participating nonprofits!

On October 12th, the Whitefish Community Foundation distributed over \$2 million to 45 participating nonprofits in the third annual Great Fish Community Challenge! The charitable giving campaign began July 20th and ended September 15th, with local nonprofits receiving 3,939 gifts totaling just over \$1,600,000. Whitefish Community Foundation added a percentage match to the amount raised by each nonprofit. The Foundation matched 48% of the first \$20,000 raised by each nonprofit. If a nonprofit raised \$20,000 or more it received a matching grant award of \$9,600. The total amount raised and awarded during the Challenge was \$2,025,834!

During the course of the 8-week Challenge, over \$15,500 in incentive grants were also awarded in addition to the match. "Our internal goal was to see the campaign go over \$2 million and the community did it," said Linda Engh-Grady, President of the Whitefish Community Foundation. "The final day of the Challenge was a flurry of gifts totaling more than \$350,000. It was a definite cause for celebration," she said.

Whitefish Community Foundation processed all the gifts for the campaign and provided tax receipts. All the costs of the campaign and the signature color run were covered by the Whitefish Community Foundation with the help of the title sponsor BNSF Railway Foundation

and supporting local sponsors listed on page 8. This ensured that 100% of all gifts went directly to the designated nonprofits!

The end result of the third annual campaign proves overwhelmingly that giving together creates serious impact. **The 2017 Great Fish Challenge was a huge success!**

Thank you for giving!

Giving Together Creates Impact

THE CIRCLE OF GIVING: Whitefish Community Foundation's Circle of Giving is a unique group of people who have come together for the good of Whitefish to help inspire our community to give. Circle donors give an annual unrestricted gift anywhere from \$5,000 or more to the Whitefish Community Foundation. This funding is combined with undesignated gifts to the Friends of the Great Fish Match to come up with the percentage match for the Great Fish Challenge.

By providing the match for the Great Fish Challenge, the Circle is not only substantially increasing the impact of each participating organization's fundraising efforts during the giving period, it is inspiring our community to give. The Circle is the backbone of the incredibly successful Great Fish Challenge! **THANK YOU FOR GIVING!**
